INDEPENDENT AUDITOR'S REPORT

Supervisory Committee
Northrop Grumman Federal Credit Union
Gardena, California

We have audited the accompanying consolidated statements of financial condition of Northrop Grumman Federal Credit Union (a federally chartered credit union) and Subsidiary as of December 31, 2006 and 2005 and the related consolidated statements of income, comprehensive income, members' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Credit Union's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Northrop Grumman Federal Credit Union and Subsidiary as of December 31, 2006 and 2005 and the consolidated results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

1. **SIGNIFICANT ACCOUNTING POLICIES**

Organization: Northrop Grumman Federal Credit Union (the Credit Union) is a cooperative association holding a corporate charter under the provisions of the Federal Credit Union Act.

Principles of Consolidation: The accompanying consolidated financial statements include the accounts of the Credit Union and its wholly owned subsidiary, Flight Plan Financial Services, Inc., which provides investment and insurance products for members. Material intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates in the Preparation of Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates. A material estimate that is particularly susceptible to significant change in the near term relates to the determination of the allowance for loan losses.

Cash, Cash Equivalents and Cash Flows: Cash and cash equivalents consist of cash on hand, demand deposits, and non-term share deposits in a corporate credit union. For purposes of reporting cash flows, loans to members, other investments, and members' shares are reported net.

Investments: Investments that the Credit Union intends to hold for an indefinite period of time, but not necessarily to maturity, are classified as available-for-sale and are carried at fair value. Unrealized gains and losses on investments classified as available-for-sale have been accounted for as accumulated other comprehensive income. Gains and losses on the sale of available-for-sale securities are determined using the specific-identification method. Amortization of premiums and discounts are recognized in interest income over the period to maturity. Declines in the fair value of individual held-to-maturity and available-for-sale securities below their costs that are other than temporary result in write-downs of the individual securities to their fair value. Factors affecting the determination of whether an other-than-temporary impairment has occurred include a downgrading of the security by a rating agency, a significant deterioration in the financial condition of the issuer, or that management would not have the ability to hold a security for a period of time sufficient to allow for any anticipated recovery in fair value. Other investments are classified separately and are stated at cost.

Loans to Members and Allowance for Loan Losses: Loans are stated at the amount of unpaid principal, reduced by an allowance for loan losses and deferred net loan origination fees. Interest on loans to members is recognized over the terms of the loans and is calculated using the simple interest method on principal amounts outstanding. Loan fees and certain direct loan origination costs are deferred, and the net fee or cost is recognized as an adjustment to interest income.

The Credit Union determines a loan to be delinquent when payments have not been made according to contractual terms, typically evidenced by non-payment of a monthly installment by the due date.

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

Large groups of smaller-balance homogenous loans are collectively evaluated for impairment. Accordingly, the Credit Union does not separately identify individual consumer and residential loans for impairment disclosures.

The allowance for loan losses is increased by a provision for loan losses charged to expense and decreased by charge-offs (net of recoveries). Loans are charged against the allowance for loan losses when management believes that collectibility of the principal is unlikely. The allowance is an amount management believes will be adequate to absorb estimated losses on existing loans. Management's periodic evaluation of the adequacy of the allowance is based on the Credit Union's past loan loss experience, known and inherent risks in the portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and current economic conditions. While management uses the best information available to make its evaluations, further adjustments to the allowance may be necessary if there are significant changes in economic conditions.

Transfers and Servicing of Financial Assets: The Credit Union accounts for transfers and servicing of financial assets in accordance with SFAS No. 140, Accounting for Transfers and Servicing Financial Assets and Extinguishment of Liabilities. SFAS No. 140 requires application of a financial component's approach that focuses on control. Under this approach, after a transfer of financial assets, an entity recognizes the financial and servicing assets it controls and the liabilities it has incurred, derecognizes financial assets when control has been surrendered, and derecognizes liabilities when extinguished. The statement also distinguishes transfers of financial assets that are sales from transfers of financial assets that are secured borrowings.

Accrued Interest on Loans: Accrual of interest on loans is discontinued when management believes that, after considering economics, business conditions, and collection efforts, the borrower's financial condition is such that collection of interest is doubtful. The Credit Union's policy is to stop accruing interest when the loan becomes 90 days delinquent. All interest accrued but not collected for loans that are placed on non-accrual status or subsequently charged off are reversed against interest income. Income is subsequently recognized on the cash basis until, in management's judgment, the borrower's ability to make periodic interest and principal payments is back to normal and future payments are reasonably assured, in which case the loan is returned to accrual status.

Property and Equipment: Land is carried at cost. Property and equipment and facility improvements are carried at cost, less accumulated depreciation and amortization. Property and equipment are depreciated using the straight-line method over the estimated useful lives of the assets. The cost of facility improvements is amortized using the straight-line method over the terms of the related leases.

National Credit Union Share Insurance Fund Deposit: The deposit in the National Credit Union Share Insurance Fund (NCUSIF) is in accordance with National Credit Union Administration (NCUA) regulations, which require the maintenance of a deposit by each federally insured Credit Union in an amount equal to 1% of its insured members' shares. The deposit would be refunded to the Credit Union if its insurance coverage is terminated, if it converts its insurance coverage to another source, or if management of the fund is transferred from the NCUA Board.

NCUSIF Insurance Premium: The Credit Union is required to pay an annual insurance premium equal to one-twelfth of one percent of total insured shares, unless the payment is waived or reduced by the NCUA Board. The NCUA Board waived the 2006 and 2005 insurance premiums.

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

Members' Shares: Members' shares are the savings deposit accounts of the owners of the Credit Union. Share ownership entitles the members to vote in the annual elections of the Board of Directors and on other corporate matters. Irrespective of the amount of shares owned, no member has more than one vote. Members' shares are subordinated to all other liabilities of the Credit Union upon liquidation. Dividends on members' shares are based on available earnings at the end of a dividend period and are not guaranteed by the Credit Union. Dividend rates are set by the Credit Union's Board of Directors.

Income Taxes: The Credit Union is exempt, by statute, from federal and state income taxes. The Credit Union's wholly owned subsidiary, however, is subject to federal and state income taxes. Operations of the CUSO resulted in immaterial income taxes for the years ended 2006 and 2005.

Comprehensive Income: Accounting principles generally require that recognized revenue, expenses, gains, and losses be included in net income. Certain changes in assets and liabilities, such as unrealized gains and losses on available-for-sale securities, are reported as a separate component of the members' equity section of the consolidated statements of financial condition.

Reclassifications: Certain account reclassifications have been made to the 2005 consolidated financial statements in order to conform to classifications used in the current year.

Recent Accounting Pronouncements: In March 2006, the Financial Accounting Standards Board issued SFAS No. 156, Accounting for Servicing of Financial Assets - an amendment of FASB Statement No. 140. Among other matters, this Statement requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a service contract under certain situations. This Statement permits an entity to determine the method of measuring the servicing asset or liability by choosing either the *amortization method* or the *fair value measurement method*. The new standard is effective for fiscal years beginning after September 15, 2006. Management does not expect the adoption of this statement to have a material impact on its consolidated financial position or results of operations.

<u>December 31, 2005</u>				
Federal agencies securities	\$ 43,727,287	\$ 0	\$ (894,035)	\$ 42,833,252
Mortgage-backed securities	136,664,317	2,574	(4,539,324)	132,127,567
	<u>\$ 180,391,604</u>	<u>\$ 2,574</u>	<u>\$ (5,433,359)</u>	<u>\$ 174,960,819</u>

Securities held in safekeeping at the corporate credit union totaling approximately \$15,013,000 are pledged as collateral for borrowings advanced under the line of credit agreement as more fully described in Note 7.

Gross unrealized losses and fair value by length of time that the individual available-for-sale securities have been in a continuous unrealized loss position at December 31, 2006 and 2005 are as follows:

<u>December 31, 2006</u>	<u>Fair Value</u>	<u>Continuous Unrealized Losses Existing For:</u>		<u>Total Unrealized Losses</u>
		<u>Less Than 12 Months</u>	<u>More Than 12 Months</u>	
Federal agencies securities	\$ 42,550,453	\$ (39,265)	\$ (629,154)	\$ (668,419)
Mortgage-backed securities	111,643,977	(109,122)	(3,369,589)	(3,478,711)

There are a total of 97 and 98 investments with unrealized losses as of December 31, 2006 and 2005, respectively. The unrealized losses associated with these investments are considered temporary as the Credit Union has the ability to hold these investments for a period of time sufficient to allow for any anticipated recovery in fair value.

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

Other investments consist of the following:

	December 31	
	2006	2005
Certificates in a corporate credit union	\$ 11,500,000	\$ 14,500,000
Member capital account in a corporate credit union	2,719,020	1,828,509
Permanent capital account in a corporate credit union	1,000,000	1,000,000
	\$ 15,219,020	\$ 17,328,509

Certificates are generally non-negotiable and non-transferable, and may incur substantial penalties for withdrawal prior to maturity.

Permanent capital accounts are uninsured equity capital accounts and are redeemable only if called by the corporate credit union. Member capital accounts are uninsured equity capital accounts that may be redeemed with a three-year notice. The fair value of other investments approximates book value.

For the years ended December 31, 2006 and 2005, gross realized gains and losses on sales of investments available-for-sale were \$64,553 and \$36,983, and \$68,028 and \$300,951, respectively.

At December 31, 2006 and 2005, there were approximately \$47,946,000 and \$48,428,000, respectively, in credit union and bank deposits with individual balances in excess of the insured limit and maturity dates ranging from no contractual maturity to February 2010.

Investments by maturity as of December 31, 2006 are summarized as follows:

	Available-for-sale		
	Amortized Cost	Fair Value	Other
No contractual maturity	\$ 0	\$ 0	\$ 3,719,020
Less than 1 year maturity	0	0	5,000,000
1 – 5 years maturity	38,708,522	38,093,393	6,500,000
5 – 10 years maturity	8,534,757	8,482,060	0
Mortgage-backed securities	138,814,732	135,457,226	0
	\$ 186,058,011	\$ 182,032,679	\$ 15,219,020

Expected maturities of mortgage-backed securities may differ from contractual maturities because borrowers may have the right to call or prepay the obligations and are, therefore, classified separately with no specific maturity date. Member and permanent capital accounts have been classified with no contractual maturity.

3. **LOANS TO MEMBERS**

Loans to members consist of the following:

	December 31	
	2006	2005
Mortgage loans:		
Fixed rate	\$ 133,069,589	\$ 123,897,501
Hybrid	10,473,318	3,732,223
Variable rate	2,089,518	3,883,507
Home equity line of credit, variable rate	61,376,141	57,629,526
	207,008,566	189,142,757
Vehicle loans	94,645,243	90,464,783
Consumer loans, primarily unsecured	20,256,977	18,682,524
	321,910,786	298,290,064
Deferred net loan origination fees	(38,573)	(50,824)
Allowance for loan losses	(1,215,000)	(1,920,000)
	\$ 320,657,213	\$ 296,319,240

The Credit Union offers hybrid mortgages to its members. Hybrid loans consist of loans that are fixed for an initial period of three or five years. After this period, the mortgages are converted to variable rate using the fully indexed rate, which can result in significant payment shock to the borrower. These loans may have significantly different credit risk characteristics than traditional fixed and variable rate mortgages. However, the Credit Union believes it has established prudent underwriting standards as well as adequate risk management functions to monitor these additional risks.

Vehicle loans shown above are pledged as collateral for borrowings advanced under the line of credit agreement as more fully described in Note 7.

The following is an analysis of the allowance for loan losses:

	Years Ended December 31	
	2006	2005
Balance, beginning of year	\$ 1,920,000	\$ 2,546,839
Provision for loan losses	(156,951)	518,321
Recoveries	289,440	311,219
Loans charged off	(837,489)	(1,456,379)
Balance, end of year	\$ 1,215,000	\$ 1,920,000

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

Outstanding mortgage loan commitments at December 31, 2006 and 2005 total approximately \$525,000 and \$393,000, respectively.

Available credit on home equity and unsecured lines of credit is summarized as follows:

	December 31	
	2006	2005
Home equity	\$ 60,325,000	\$ 59,533,000
Other consumer	85,584,000	77,879,000
	\$ 145,909,000	\$ 137,412,000

Commitments for home equity and unsecured lines of credit may expire without being drawn upon. Therefore, the total commitment amount does not necessarily represent future cash requirements of the Credit Union. These commitments are not reflected in the consolidated financial statements.

4. **LOAN SERVICING**

Mortgage loans serviced for Fannie Mae are not included in the accompanying consolidated statements of financial condition. The unpaid principal balances of these loans at December 31, 2006 and 2005 are \$14,633,341 and \$16,032,464, respectively.

5. **PROPERTY AND EQUIPMENT**

Property and equipment are summarized as follows:

	December 31	
	2006	2005

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

The Credit Union leases four offices. The operating leases contain renewal options and provisions requiring the Credit Union to pay property taxes and operating expenses over base period amounts. All rental payments are dependent only upon the lapse of time. Minimum rental payments under operating leases with initial or remaining terms of one year or more at December 31, 2006 are as follows:

<u>Years Ending December 31</u>	
2007	\$ 940,000
2008	856,000
2009	365,000
2010	126,000
2011	83,000
Subsequent years	<u>35,000</u>
	<u>\$ 2,405,000</u>

Rental expense for the years ended December 31, 2006 and 2005 for all facilities leased under operating leases totaled approximately \$975,000 and \$927,000, respectively.

6. **MEMBERS' SHARES**

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

Shares by maturity as of December 31, 2006 are summarized as follows:

No contractual maturity	\$ 307,964,618
0 – 1 year maturity	143,098,656
1 – 2 years maturity	8,273,037
2 – 3 years maturity	7,606,090
3 – 4 years maturity	3,479,559
4 – 5 years maturity	<u>2,230,648</u>
	<u>\$ 472,652,608</u>

Regular shares, share draft accounts, money market accounts, and individual retirement account shares have no contractual maturity. Certificate accounts have maturities of five years or less.

The National Credit Union Share Insurance Fund insures members' shares up to \$100,000, and certain individual retirement and Keogh accounts up to \$250,000.

The aggregate amount of certificates in denominations of \$100,000 or more at December 31, 2006 and 2005 is approximately \$50,327,000 and \$28,430,000, respectively.

7. **NOTES PAYABLE**

The Credit Union utilizes a Master Loan and Security Agreement with a corporate credit union. The terms of the agreement call for the pledging of all vehicle loans plus investment securities held in safekeeping at the corporate credit union to secure the outstanding balances. The agreement provides for a credit limit of \$85 million with interest rates determined at the time of the advance. As of December 31, 2006 and 2005, borrowings under this agreement total \$26,600,000 and \$39,800,000, respectively. At December 31, 2006, advances have interest rates ranging from 2.8% to 4.5% and maturity dates as follows:

	<u>Balance</u>
Less than 1 year maturity	\$ 11,200,000
1 – 2 years maturity	9,200,000
2 – 3 years maturity	<u>6,200,000</u>
	<u>\$ 26,600,000</u>

In addition to the agreement described above, the Credit Union utilizes demand loan agreements with two corporate credit unions. The terms of these agreements call for the pledging of all assets not already pledged as collateral under other borrowing agreements as security for any and all obligations taken by the Credit Union. The agreements provide for a combined credit limit of \$10 million with interest charged at a rate determined by the lenders on a periodic basis. At December 31, 2006 and 2005, there were no borrowings under these agreements. The agreements are reviewed for continuation by the lenders and the Credit Union annually.

8. **CONCENTRATIONS OF CREDIT RISK**

Participation in the Credit Union is limited to those individuals who qualify for membership. The field of membership is defined in the Credit Union's bylaws. A large percentage of the Credit Union's members are employees or former employees of Northrop Grumman Corporation. Further, a significant concentration of members resides in Southern California. Although the Credit Union has a diversified loan portfolio, borrowers' ability to repay loans may be affected by the economic climate of either the aerospace industry or the overall geographic region in which borrowers reside.

9. **COMMITMENTS AND CONTINGENT LIABILITIES**

The Credit Union is a party to various legal actions normally associated with collections of loans and other business activities of financial institutions, the aggregate effect of which, in management's opinion, would not have a material adverse effect on the financial condition or results of operations of the Credit Union.

The Credit Union has no outstanding commitments to sell loans or investments at December 31, 2006.

10. **EMPLOYEE BENEFITS**

The Credit Union staff are participants in the pension plan of Northrop Grumman Corporation. Since the Credit Union staff are only fractional participants in the plan, it is not practicable to disclose actuarial benefit data. The Credit Union funds the plan through Northrop Grumman Corporation.

11. **MEMBERS' EQUITY**

The Credit Union is subject to various regulatory capital requirements administered by the NCUA. Failure to meet minimum capital requirements can initiate certain mandatory – and possibly additional discretionary – actions by regulators that, if undertaken, could have a direct material effect on the Credit Union's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Credit Union must meet specific capital guidelines that involve quantitative measures of the Credit Union's assets, liabilities, and certain off-balance-sheet items as calculated under generally accepted accounting principles. The Credit Union's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

Quantitative measures established by regulation to ensure capital adequacy require the Credit Union to maintain minimum amounts and ratios (set forth in the table below) of net worth to total assets. Further, credit unions over \$10,000,000 in assets are also required to calculate a Risk-Based Net Worth (RBNW) requirement which establishes whether or not the Credit Union will be considered "complex" under the regulatory framework. The Credit Union's RBNW requirements as of December 31, 2006 and 2005 were 7.0% and 6.7%, respectively. The minimum requirement to be considered "complex" under the regulatory framework is 6%. Management believes, as of December 31, 2006 and 2005, that the Credit Union meets all capital adequacy requirements to which it is subject.

**NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005**

As of December 31, 2006, the most recent call reporting period, and 2005, the NCUA categorized the Credit Union as "well capitalized" under the regulatory framework for prompt corrective action. To be categorized as "well capitalized," the Credit Union must maintain a minimum net worth ratio of 7% of assets. There are no conditions or events since that notification that management believes have changed the institution's category.

The Credit Union's actual capital amounts and ratios are presented in the following table:

	<u>December 31, 2006</u>		<u>December 31, 2005</u>	
	<u>Amount</u>	<u>Ratio/Requirement</u>	<u>Amount</u>	<u>Ratio/Requirement</u>
➤ Amount needed to be classified as "adequately capitalized"	\$ 39,848,566	7.0%	\$ 36,022,614	6.7%
➤ Amount needed to be classified as "well capitalized"	\$ 39,848,566	7.0%	\$ 37,635,566	7.0%
➤ Actual net worth	\$ 67,300,890	11.8%	\$ 60,894,906	11.3%

Because the RBNW requirement is less than the net worth ratio, the Credit Union retains its original category. Further, in performing its calculation of total assets, the Credit Union used the quarter-end balance option, as permitted by regulation.

12. RELATED PARTY TRANSACTIONS

In the normal course of business, the Credit Union extends credit to directors, supervisory committee members, and executive officers. The aggregate loans to related parties at December 31, 2006 and 2005 are \$2,028,415 and \$2,260,563, respectively. Deposits from related parties at December 31, 2006 and 2005 amounted to \$5,095,273 and \$4,094,086, respectively.

13. FAIR VALUE OF FINANCIAL INSTRUMENTS

The estimated fair value amounts have been determined by the Credit Union using available market information and appropriate valuation methodologies. However, considerable judgment is necessarily required to interpret market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts the Credit Union could realize in a market exchange. The use of different assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

The following methods and assumptions were used to estimate fair value of each class of financial instruments for which it is practicable to estimate fair value:

Investments

Estimated fair values for investments are obtained from quoted market prices where available. Where quoted market prices are not available, estimated fair values are based on quoted market prices of comparable instruments.

NORTHROP GRUMMAN FEDERAL CREDIT UNION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

Loans to Members

The estimated fair value for all fixed rate loans is determined by discounting the estimated cash flows using the current rate at which similar loans would be made to borrowers with similar credit ratings and maturities.

The estimated fair value for variable rate loans is the carrying amount.

The impact of delinquent loans on the estimation of the fair values described above is not considered to have a material effect and, accordingly, delinquent loans have been disregarded in the valuation methodologies employed.

Members' Shares

The estimated fair value of demand deposit accounts (regular share, share draft, money market, and IRA share accounts) is the carrying amount. The fair value of fixed-maturity certificates is estimated by discounting the estimated cash flows using the current rate at which similar certificates would be issued.

Notes Payable

The fair value of notes payable is estimated by discounting the estimated cash flows using the current rate at which similar borrowings could be obtained.

Other On-Balance-Sheet Financial Instruments

Other on-balance-sheet financial instruments include cash and cash equivalents, accrued interest receivable, and dividends payable. The carrying value of each of these financial instruments is a reasonable estimation of fair value.

Off-Balance-Sheet Financial Instruments

The fair values for the Credit Union's off-balance sheet commitments are estimated based on fees charged to others to enter into similar agreements taking into account the remaining terms of the agreements and credit standing of the members. The estimated fair value of these commitments is not significant.
